

UNIT 4.1

Collaboration with parents as innovative approach

Working with the parents

Please fill in the form on the following page.

The objective is: to describe and to analyse the relevant factors relating to a crisis situation in which a difficult cooperation has arisen between RYCWs and parents.

Please reflect upon a situation in which you have been involved or have observed.

The context

Kind of crisis situation

Describe, in a few key words, the crisis situation (e.g. individual, group, recurrent, unexpected, etc...).

Situation participants

Describe the participants involved in the situation (e.g. parents, external professionals, RYCWs).

In which way did the difficulty manifest itself in the collaboration process between RYCWs and parents?

Description the non-cooperation between the RYCW and the family/parents in facing the crisis situation.

 Österreichische Agentur

The difficulties in cooperation

What were the main causes of the non-cooperation and the trigger for the crisis?

Describe the general causes for non-cooperation and the trigger for the crisis situation.

Resources and strategies for a better cooperation

Which resources (sources of strength) and strategies can RYCWs use to promote and ensure cooperation with parents/families?

Describe resources and strategies you used or you will use to ensure a good cooperation with parents and families.
